**Please Note:** Products may differ slightly from the published photograph. All products and prices are correct at the time of printing but may be subject to change. Customers will be notified of any changes when ordering.

All sizes and specifications quoted are approximate only. Whilst we endeavour to deliver your order on time and in perfect condition, we recommend that no arrangements for installation involving third-party contractors are made until you are in receipt of your goods and you have checked them.

### Returns

You can return items for a refund within 30 days of purchase. The goods must be in perfect condition and in their original packaging.

Please ensure you enclose your name and address, account number and reason for return. Please note that nematodes and biological controls are non-returnable.

Thank you

## Green Bird Netting

This 19mm x 19mm diamond netting will stop birds without harming them.

It can be laid directly over crops, hoops or cages. Suitable for both fruit & veg, it is a lovely quality and you will not get tangled up in it. It's also quite heavy-duty. Allows bees through for pollination.

This is a soft netting but not quite as soft as our black bird netting. If you would like a sample, give us a call or drop us an email.  
sales@gardening-naturally.com

**Details:** Mesh size - 19mm x 19mm

Approx weight - 35gr/m<sup>2</sup>

Made from UV stabilised polyethylene

Colour - Green

This netting will last 5-10 years

Vegetable cages complete with bird netting can be found on pages 26-27.

## Black Bird Netting

High quality, heavy-duty netting that will keep out birds and garden pests from your fruit and vegetables without causing them harm.

The 20mm x 20mm diamond mesh will deter unwanted visitors whilst allowing the bees through to pollinate. Made from high-density UV stabilised polyethylene, our bird netting is soft to the touch, tangle free, and can be laid directly over crops, cages or hoops.

**Details:** Mesh size - 20mm x 20mm

Approx weight - 37gr/m<sup>2</sup>

Made from UV stabilised polyethylene

Colour - Black

This netting will last 5-10 years

# Black & Green Soft Butterfly Netting

Stop cabbage white butterflies and birds. Our soft netting is the ideal netting to keep your homegrown produce bird, butterfly and caterpillar free.

Made from HDPE and is UV stabilised. This netting feels more like a soft fabric to touch and has a mesh size of 5mm x 7mm. Light and soft enough to lay directly over crops or drape over frames or hoops.

It is also ideal for protecting ponds from debris and any unwanted intruders. You can water and feed through the netting.

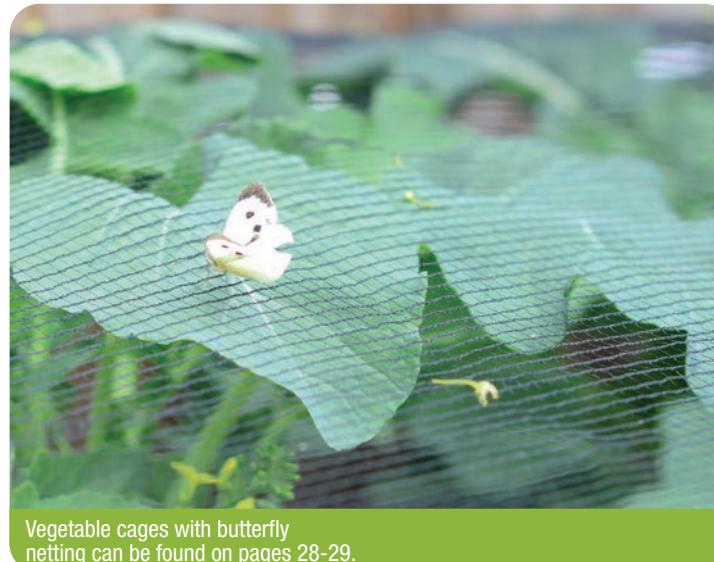

This netting will last 5-10 years.

**Details:** Mesh size - 5mm x 7mm  
Approx weight - 35gms/m<sup>2</sup>

With care Veggiemesh will last for 10 years

Enjoy clean crops free from insect damage, without using chemicals with our Veggiemesh insect netting. Simply cover any fruit or vegetable crop with Veggiemesh to stop a huge variety of pests including insects, rabbits and birds. It also provides protection against heavy rain, wind and mild frosts.

There is no need for any supports as the netting "grows" with the crop. Just lay the Veggiemesh over the plants or seeds immediately after planting and peg down, leaving enough slack for the crops to grow.

One thing to note is everything will grow a little bit bigger whilst covered, so allow for this when ordering. It also works very well if laid over hoops and cages.

Made from UV stabilised white/clear polyethylene to ensure the plants get all the light they need to grow. Designed so that you can water and feed through the netting saving time and effort. Any crop can be covered. If it needs pollination, remove when in flower.

**Details:** Mesh size - 1.35mm x 1.35mm

Approx weight - 55gms/m<sup>2</sup>

Light Passage - 90%

Air Passage - 95%

Made from UV stabilised polyethylene

Machine Washable / Colour - White

**Keeps out:** Birds, butterflies, caterpillars, deer, carrot fly, cabbage white butterfly, pea moth, cutworm, leek moth, leaf miners and many species of aphids, rabbits, foxes and many more garden pests.

## Veggiemesh Ultra Fine

An even finer 0.8mm x 0.8mm mesh netting, woven from UV stabilised polyethylene. Designed to keep out the smallest of pests including whitefly, flea beetle and some smaller aphids.

Can be used exactly the same way as Veggiemesh.

**Details:** Mesh size - 0.8mm x 0.8mm

Approx weight - 70gms/m<sup>2</sup>

Light passage - 90%

Air passage - 95%

Made from UV stabilised polyethylene

Machine Washable / Colour - White

# Poultry/Fruit Cage Netting

A slightly stiff but flexible heavy-duty netting ideal for poultry cages, fruit cages and other garden uses. The 17mm x 17mm mesh deters birds whilst allowing bees through for pollination. We use this on the sides of our walk-in fruit cages with black bird netting on the roof.

**Details:** Made from UV stabilised extruded polypropylene.

# Windbreak & Shade Netting

Windbreak & shade netting reduces both physical and drying effects of the wind whilst providing 40% shade. Use all year round to protect plants and seedlings from sun and wind damage. Can also be used as privacy fencing. To create a fence we would recommend stapling the netting to wooden posts.

**Details:** Buy per running metre - buy just what you need. Made from HDPE and is UV stabilised.

Weight 135g per m<sup>2</sup>.

# Carrot Fence Netting & Kits

Carrot flies cannot fly high enough to get to your carrots, parsnips or celery with our 1m high barrier carrot netting. You can also buy per running metre and use our 16mm poles on page 34 to create your own kits. Carrot netting clips available below.

Our kits contain the extremely fine (0.27mm x 0.88mm) netting, 1.2m (4') high tubes (16mm diameter) that are pushed 200mm into the soil and clips for the length you choose. The barrier will also deter flea beetle, rabbits and rodents whilst providing protection from the wind.

Will last 8 - 10 years with care

# Warmacrop 30g Fleece

Protect your plants from frost & insulate your greenhouse. Provide enhanced frost protection down to -5/6°C with our strong, UV stabilised, heavy-duty, spun bonded 30g fleece.

Great for covering tender plants and shrubs and perfect for protecting early potatoes. Also effective as greenhouse insulation, providing warmth without condensation.

With care this fleece will last several seasons. Water, light & air can penetrate the fleece.

Colour - White

# Thermacrop Long Lasting Garden Fleece Alternative

A stronger, easy to handle, long lasting garden fleece alternative. Thermacrop works just like our garden fleece but has a life expectancy of 5 years. Made from woven strips of a very soft polyethylene.

Water, light and air can pass through the material. Can be washed on a 'wool' cycle in the washing machine.

Protects down to -2/3°C

Colour - White

## Polythene

The UV stabilised lightweight 150 gauge polythene can be laid directly over your plants or hoops. It will create a micro-climate which will help bring on young crops. It will also protect against frost.

Code	Size in M	Size in Feet	Price	Save

## Bubble Wrap

An economical and quick way to line your greenhouse or structure to make a double-glazing effect. The perfect way to keep your greenhouse frost free and extend your growing season. The bubble wrap is double layered and tri laminated making it strong and durable to last many seasons. Size: 1.5m (4' 11) x 50m (164') roll.

Code	Price
BW1550	£119.99

## Vanilla Heavy Duty Fleece Bags

These 70g heavy duty, horticultural garden fleece bags will protect your plants down to -7/8°C.

Complete with a drawstring at the base making them incredibly easy to put on and remove, just pop the fleece bag over your plant and pull the drawstring tight at the bottom. On warmer days it is recommended to take the bags off. Water, light and air can pass through the material.

Code	Size in M	Qty	Price
FB1	W:0.8 x H:1	2	£8.99
FB2	W:1.2 x H:1.8	2	£14.99
FB3	W:2 x H:2.4	Single	£16.99

## Heavy Duty Fleece Bags

Protect plants down to -7/8°C with our heavy duty fleece bags. Complete with a drawstring at the base making them easy to put on and remove.

Ideal for tropical plants which need a little extra warmth to protect them from our chilly climate. Both the 0.8m and 1.2m bags are made from 70g fleece and the 2m wide bag from 100g fleece. Water, light and air can pass through the material.

Code	Size in M	Qty	Fleece	Price
HF002	W:0.8 x H:1	2	70g fleece	£10.49
HF003	W:1.2 x H:1.8	2	70g fleece	£16.95
HF004	W:2 x H:2.4	Single	100g fleece	£19.49

## Tube Fleece

Make your own lightweight fleece bags to protect your plants down to -2/3°C with our 17g tube fleece. Simply cut to any length. Water, light and air can pass through the material. If it gets very cold just put a double layer on.

Code	Size in M	Size in Feet	Price
TF100	W:0.75 x L:10	2' 5" x 32' 9"	£6.99

## Victorian Bell Cloches

These beautiful bell cloches create a lovely growing environment for plants. They conserve moisture, divert rainwater and warm the soil.

Baby: Height:20cm x Diam:25cm (8") x (10").

Original: Height:26cm x Diam:34cm (10") x (13").

King: Height:31cm x Diam:40cm (12") x (1'3").

Code	Description	Qty	Price
BBPT	Baby	3	£6.99
OBC1	Original	3	£13.49
KSBC	Kingsize	2	£13.99

## White Fleece Bag

The white fleece bags are easy to pop over the plant and have a drawstring to secure in place. Can be used upside down on hanging baskets. Made from 50g fleece. Protects down to -5/-6°C.

Code	Size in M	Price
FB001	W:1.25 x H:1.85	£8.99
FB002	W:1.60 x H:2	£11.99
FB003	W:2 x H:2.5	£13.99

## EcoHeat Greenhouse Heater

Protect plants against frost. Heaters use less than 50w per foot. Ideal for greenhouses, grow rooms and grow tents. No thermostat, runs at a constant heat, internal temperature 90°C. Mains powered.

### Cold Frame Paraffin Heater

Ideal for heating cold frames or mini greenhouses. Holds 2.25 litres of paraffin and will burn continuously for 14 days. Size: Diam:26 x H:13cm.

Code	Description	Price
CFH1	Cold Frame Heater	£24.99
WICK/CF	Wick Replacement x2	£2.75

### Paraffin Greenhouse Heater

Ideal for use in a small greenhouse up to 4 sqm. 7 days continuous burning time on one filling of 4.5 litres. Size: Diam:26 x H:42cm.

Code	Description	Price
SGH1	Greenhouse Heater	£44.99
WICK/SH	Wick Replacement x2	£2.75

### Hanging Paraffin Heater

This hanging compact and portable heater will burn continuously for 3 days once filled with 0.5 litres of paraffin. Size: Diam:12 x H:15cm.

Code	Description	Price
HPH1	Greenhouse Heater	£19.99
WICK/HP	Wick Replacement x2	£2.49

### 2kw Metal Greenhouse Heater

Two adjustable settings, a max-min temperature dial. Constant flow of warm air that encourages even heat distribution. Mains powered. Covers up to 20m². Product Size: H:34cm x W:21cm x D:28.5cm.

Code	Size	Wattage	Suitable for	Price
EGH2	305mm	45w	Up to 0.8m²	£23.99
EGH3	608mm	80w	6' x 8' greenhouse	£27.99
EGH4	915mm	135w	6' x 10' greenhouse	£32.99

## Flexible Green Hoops

Code	Pack Qty	Price
GH5	5 & 10 anchors	£17.49
GH6	6 & 12 anchors	£20.49
GH8	8 & 16 anchors	£25.99
GH10	10 & 20 anchors	£29.49

## Flexible Green Hoops

Create your own garden tunnels/cloches with our flexible garden hoops. Each hoop is 1.8m long (5' 10") & 10mm diameter and comes complete with 2 anchors which give added support when pushed into the soil.

Hoops should be spaced at approx 1m (3' 3") intervals. If erected at 1.2m wide (4ft) they will stand approx. 0.6m high (2ft). The hoops will go as narrow as 0.75m (2' 5") wide which will increase the height.

Cover with fleece or netting to create your ideal cloche.

The minimum width of netting/fleece required to cover these hoops is 1.8m (6ft). When working out the length of the netting you need to allow for the height of the hoops.

**Netting length = length of the tunnel + 1.2m**

Extra anchors are available to purchase but are included with hoops. Clips not included.

Clips

Anchor

# Modular Black Hoop Tunnel Kits

Our flexible garden tunnel kits come complete with everything you need, including a cover of your choice. No need to buy several tunnels, just change the cover. We have a choice of 9 covers to suit every application.

If erected at 1.2m wide (4ft) they will stand approx. 0.6m high (2ft). The hoops will go as narrow as 0.75m (2' 5") wide which will increase the height. Cover with fleece or netting to create your ideal cloche.

**Each tunnel comes complete with everything you need including hoops, clips, pegs, joiners, and choice of cover. (Anchors not included).**

For extra covers, please visit our website or call.

## Modular Black Garden Hoops

Enjoy the added benefits of our black modular hoops. Just like our Flexible Green Hoops but only half the size, allowing you to create your perfect cloche. The addition of connectors and smaller hoops allows you to create tunnels with crossbars providing extra support for netting and fleece.

The UV stabilised hoops are much easier to store as they are all just 0.9m (2' 11") long.

You will need 2 x 0.9m black rods and 1 x joiner to create each hoop. For support bars, use the tee and cross joiners. For a straight hoop without support, use the straight joiner.

The anchors provide extra support and ensure the hoops stay exactly where you want them.

If erected at 1.2m wide (4ft) they will stand approx. 0.6m high (2ft). The hoops will go as narrow as 0.75m (2' 5") wide which will increase the height.

# Portable Aluminium Cloche/Tunnel Kits

Brilliant for providing fruit and vegetable crops with all year round protection. For winter protection, just cover with any fleece or polythene to bring on plants and then cover with any of our nettings to keep the birds and insects out. Easy to move.

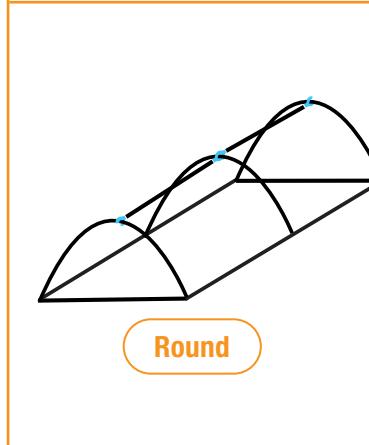

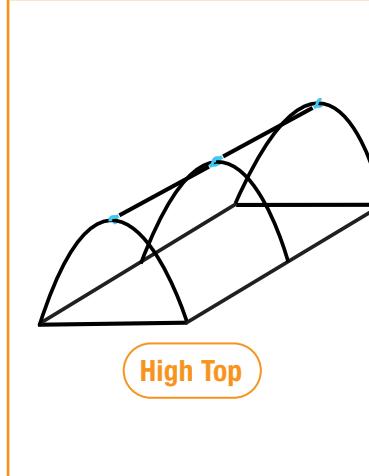

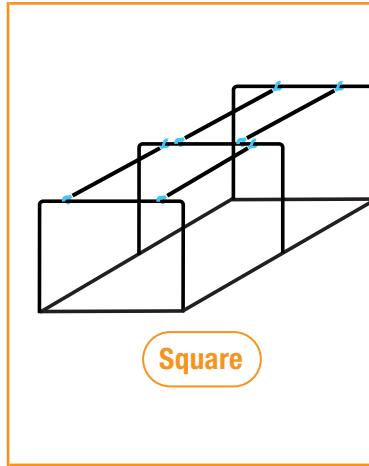

These differ from our hoop tunnel kits as they have side bars and support bars so they don't need to be pushed into the soil.

If these sizes are not suitable you can create your own using our hoops and accessories on page 19. The frames come complete with support bars, clips for securing the netting and u-pins.

## Everything Included

- ✓ Netting    ✓ Pegs    ✓ Instructions    ✓ Hoops
- ✓ Clips    ✓ Tubing    ✓ Joiners

If ordering without a cover you won't receive clips or pegs.

# Fruit & Vegetable Hoop Cages

These cages will protect your fruit bushes, trees or vegetables. Constructed from 19mm aluminium, they are extremely easy to assemble. All these portable hoop cages include a base rail making them easy to move and offer extra stability. Includes everything you need including clips for attaching the netting and u-pins for securing to the ground. Simply remove a few clips and pegs to gain entrance at any side.

**Please note: no door included.**

For more information on netting see pages 2-6.

# Domed Aluminium Cages

Domed cages offer protection to your fruit bushes, trees or vegetables. Constructed from 19mm aluminium, they are extremely easy to assemble using a 'slot-in' system and are simply pushed into the ground for stability.

Choose from 4 different nettings or 'no netting'. The netting is easily attached using the clips provided, then secured into the ground with steel pegs (included). Simply remove a few clips and pegs to gain entrance at any side.  
**Please note: no door included.**

# Low Black Bird Netting Cages

All the cages on this double page are covered in bird netting which is ideal for fruit or vegetables. We also have cages covered in butterfly netting or insect netting on pages 28-31.

This netting has 20mm x 20mm diamond shape holes and will stop birds eating your fruit or vegetables. The holes on this netting are large enough to let bees in for pollination.

The cages are available in 4 different heights. First choose the height you require then the width and length. The legs are made from 16mm aluminium and crossbars from 13mm aluminium tubing.

If you would like a different size give us a call or drop us an email. **Colour:** Black.

## LBC 1.2m (3'11") Erected Height

# Low Soft Butterfly Netting Cages

## Netting available in green & black

All the cages on this double page are covered in soft butterfly netting which is ideal for fruit or vegetables in particular brassica and salad crops. We also have cages covered in bird netting or insect netting.

This netting has 5mm x 7mm holes which will stop birds and cabbage white butterfly. If you are growing crops which need pollination you will need to lift the netting during flowering.

The cages are available in 4 different heights. First choose the height you require then the width and length. The legs are made from 16mm aluminium and crossbars from 13mm aluminium tubing. If you would like a different size give us a call or drop us an email.

# Low Veggiemesh Cages

All the cages on this double page are covered in Veggiemesh® insect netting which is ideal for fruit or vegetables. We also have cages covered in bird netting or butterfly netting on pages 26-29.

This netting has 1.35mm x 1.35mm holes which will keep out a wide range of garden pests including cabbage root fly, carrot fly, cabbage white butterfly, pea moth, leek moth, cutworm, onion fly, leaf miners and many species of aphids. If you are growing crops which need pollination you will need to lift the netting during flowering.

The cages are available in 4 different heights. First choose the height you require then the width and length. The legs are made from 16mm aluminium and crossbars from 13mm aluminium tubing. If you would like a different size give us a call or drop us an email.

# Low Cages No Netting

All the cages on this double page have no netting, ideal if you already have your own netting. If you would like netting on your cage see the netting we offer on pages 2-6. Or see pages 26-31 for our complete cage kits.

The cages are available in 4 different heights. First, choose the height you require then the width and length.

If you would like a different size give us a call or drop us an email. These cages are just poles, joiners and instructions. The legs are made from 16mm aluminium and crossbars from 13mm aluminium tubing.

If you require pegs and clips see page 40-41.

# Build Your Own Low Fruit & Veg Cage

Create your own cages and structures with our aluminium tubing, joiners or build a balls. Cover with any netting for brilliant crop protection. If you need any help working out what you need, just let us know and we can do it for you. For clips and pegs, see pages 40-41.

## 13mm Aluminium Tubing (Crossbars)

Use these 13mm tubes as the crossbars for your cage.

## 16mm Aluminium Tubing (Uprights)

Use these 16mm tubes as the uprights (legs) for your cage.

## Aluminium Pole Extensions

Extension tubes enable you to make longer cages without a joiner or ball. There is 5cm swaging allowing you to push 2 tubes together. For a 1.8m pole use a 900mm and 900mm extension.

## Aluminium Anchors

Provide extra stability for taller frames, loose soil or windy conditions. 23cm (9") long and pointed. Push into the soil and slot the upright inside them.

## Joiners

Simple, easy to use and more economical. Just push inside the tubing. Each cage will need 4 corners. Tees and crosses can be used for making cages longer and wider.

## Build A Balls

Ideal for creating a variety of garden structures using our sturdy aluminium tubing. Each build a ball has one 16mm hole and five 13mm holes.

## 13mm Aluminium Tubing (Crossbars)

# Build Your Own Premium Walk-In Cages

Constructed using strong, black powder-coated 27mm aluminium tubing and connected with galvanised and powder coated steel joiners. Our Premium Cages will stand the test of time, protecting your fruit and vegetables for years to come. Due to the strength of these cages, they prove ideal for exposed areas. The 1.9m (6' 3") internal height allows plenty of room for you to comfortably work under.

## 27mm Tubing

Code	Length	Qty	Price
AT27750	750mm	1	£4.28
AT27750/4	750mm	4	£17.13
AT27750/6	750mm	6	£25.18

## Small Domed Pea & Bean Frame

This lightweight aluminium pea & bean frame will fit easily into a raised bed or small growing space. It stands about 75cm high, 31cm wide and is available in a 0.9m or 1.8m length. Complete with everything you need including the jute netting, aluminium tubing, connectors, pegs and clips.

Code	Size M	Price
HPB01	Length: 0.9 (Two Hoops)	£22.99
HPB02	Length: 1.8 (Three Hoops)	£32.99

Code	Description	Price
GRGS	Starter Pack	£16.99
GRGT1	Tensioners Pack 10	£16.99
GRGW	Trellis Wire 50m	£16.99

## Gripple Garden Trellis

Create highly tensioned wires for maximum support of climbing plants with the Gripple systems. The plastic Gripples remove the need for twisting and knotting of wire. They have serrated rollers which allow the wire to pass smoothly through in one direction only, if any load is applied in the opposite direction the rollers bite, locking the wire in place.

Great for use on Clematis, Wisteria, Jasmine, Climbing Roses, Raspberries, Tomatoes and many more. Starter pack consists of 30m of nylon strand, 4 vine eyes and 4 Gripple clips.

## Maypole Plant Support

Ideal for all climbing annuals and perennial flowers such as sweet peas, clematis and runner beans. Made from black powder-coated steel, the Maypole is both versatile and elegant. Size: Height: 1.9m (6' 6") x Width: 1m (3' 3").

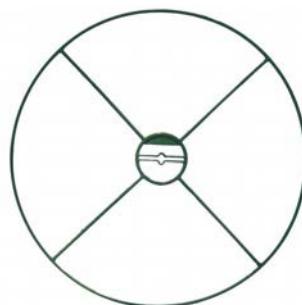

Code	Price
MP1	£19.99

## Parasol Plant Support

1.8m high x 1.2m diameter at top, 2m diameter at base. Made from forged steel, easy to construct.

Code	Price
PPS3	£21.49

## Plant Rings

Perfect for using as a height adjustable flower support. No need to use string or wire and encourages straighter upright stems for a longer flowering season.

Code	Size	Price
PR12	(30cm) 12" Single	£1.99
PR12/3	(30cm) 12" pack of 3	£5.49

Code	Qty	Price
SP003	3	£16.99

## Spiral Plant Support

Support multi-stemmed plants all season. Easy to use, just rotate into the plant. Provides a natural looking support distributing the stems evenly for healthy growth. For taller plants simply insert onto a cane. 33cm diameter.

## Twister Plant Support

Twisters are the simple way to support any plant that needs it, indoors or out; suitable for climbers, flowering plants or vegetables. Stretches up to H:2.1m x D:32cm H:13' x D:7'

CC001	£3.49

**Vigoroot**

The magic of Vigoroot fabric comes from its ability to 'air-prune' the roots of plants, changing their ability to sustain the plant in a limited volume of compost. Encourages vigorous rooting plants to absorb more nutrients and prevents 'pot-bound'.

**Vigoroot Easy Table Garden**

Vigoroot fabric table planter with integral self-watering system and poly protection cover - a raised bed, greenhouse and irrigation system all rolled into one. Size: W:80 x H:115 x D:33cm.

Code	Price
VIG5	£57.49

**Vigoroot Balcony Garden**

A great idea for growing with limited space available. Well spaced troughs for easy watering. Size: W:80 x D:24 x H1.6m.

Code	Price
VIG4	£89.99

**Potato Grow Pots**

Grow potatoes on patios, balconies and courtyards. New potatoes ready to pick in 8 weeks (10 weeks if the potatoes haven't been chitted). Simply lift the inner pot and pick the larger tubers, leaving the smaller ones to grow on. Pack of 3. Size: H:25cm x Dia:30cm.

Code	Price
POG4/3	£19.99

**Vigoroot Pots**

Brilliant for growing herbs, flowers, exotics and smaller sized vegetables. At the end of the growing season they can be folded away and stored for the following year.

Code	Description	Price
VIG1	Potato/Tomato Planter H:45cm x Dia:35cm Pots 10L (3 Pack)	£5.49
VIG2	H:24cm x Dia:24cm Pots 20L (3 Pack)	£8.49
VIG3	H:30cm x Dia:30cm	£10.99

**Tomato Crop-Booster Frame**

Supports branches ensuring optimum growing conditions throughout the season. Suitable for use with pots, growbags or plants in the ground. Size: W:1m (3' 3") x H:1.6m (5' 3") x D:0.5m (1' 7"). Made from steel with a powder coated finish.

Code	Description	Price
TCBF1	Frame	£29.99
TCBC1	Cover	£19.99

**Grey Timber GroZone**

This grey timber GroZone is a great way to create a perfect growing environment. With a hinged lid, you can easily gain access inside while securing it with 2 locking stays. You also have a clear double opening door front. Inside you have 3 storage shelves which are slatted. Size: H:1 x W:0.57 x D:0.41m.

Code	Price
GROZ6	£79.99

**GroZone Max**

Holds up to 6 seed trays per shelf with a capacity of 900+ litres of growing space. The extra strong, split shelves, with effortless 'slip-on' design allows for different configurations and easy removal. Includes 150gsm, extra high density PE cover, front zip up panel for easy access and 4 vent holes to improve air flow. H:1.7m x W:1.2m x L:50cm.

Code	Price
GROZ4	£49.99

**Tomato GroZone Single & double**

Ideal for tomatoes, cucumbers, peppers and aubergines. Made from 150gsm, extra high density PE, front zip-up panel for easy access and 4 vent holes to improve air flow. 3/6 holes for growing canes.

Single fits one grow bag.

H:1.5m x W:1m x D:40cm. Double fits two grow bags.

Opens both sides. H:1.5m x W:1m x D:80cm.

Code	Description	Price
GROZ3	Single	£29.99
GROZ2	Double	£41.99

**Grow it Seedling Cloche**

This seedling cloche stands 72cm high, 92cm wide and 90cm long. It is simple to set up and it has zipped openings for ventilation and easy access. Perfect for giving plants an early start.

Code	Price
MSC1	£24.99

### Igloo Hedgehog House

Offer hedgehogs a safe retreat from the many hazards of modern life. The round, painted steel frame has a water proofed roof which is covered with brush wood and decorated with bands.

The small entrance tunnel is designed to deter predators such as badgers, foxes and dogs. Door opening size: 14cm x 14cm.

### Hedgehog Haus

The Hedgehog Haus provides an alternative, quiet, safe place for hedgehogs away from natural predators, pets and the dangers of strimmer's and mowers. Size: H:21cm x W:38cm x L:49cm.

Code	Price
HHAUSt1	£35.99

### Large Bempton Bird Table

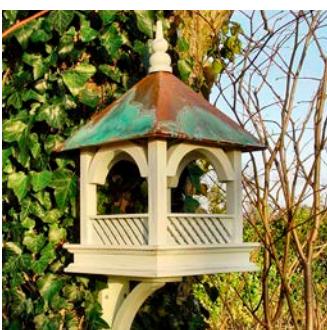

This attractive bird table is made from FSC timber, featuring intricate lattice woodwork in a distressed finish, and a real Verdigris copper roof. Includes wall bracket. Size with bracket is: Height: 370mm, Width: 290mm, Depth: 290mm.

Code	Price
BH011	£49.99

### Shenstone Theatre Bird Bath

Stone styled bird bath with hand finished paint effect on the steps to resemble aged stone. H:13cm x D:44.5cm. Pebbles not included.

Code	Price
SBBATH1	£31.99

## Eco Wood Treatment

The Eco Wood treatment is a non-toxic wood stain preserver which will never fade or peel. Matures into a beautiful weathered aged look. Only needs one application and can be applied to bare wood. Simply mix with water.

A completely safe treatment and is perfect for raised beds, wooden panels, decking etc.

Contents: 4.5 litres treats 150 sq.ft

Code	Size	Price
ECOW	4.5L	£14.99
ECOW2	22L	£59.99

See pages 24-34 for cages.

See pages 16-17 for black modular hoops.

See pages 18-19 for aluminium hoops.

See page 85 for weed control fabric.

## Cedar Raised Beds

Our wooden raised beds provide the ideal growing space to 'Grow Your Own'. Perfect for fruit, vegetables and herb growing. Made from high-quality Cedar wood, these raised beds will stand the test of time whilst offering value for money. Available in a variety of widths, lengths and heights giving you plenty of choice.

Each cedar board is 15cm high x 3.2cm thick and is planed for an attractive finish. Please note that as timber is a natural product and is susceptible to shrinkage/swelling, all sizes are therefore nominal +/- 5mm. Sizes apply to external dimensions.

**Please note: the wood is not treated.**

Supplied with cedar boards, internal corner fixing posts, galvanised screws and full instructions. Homegrown British Cedar.

# Nematodes

Nematodes are microscopic worms that infect the target pest. They are quickly being recognised as the most effective, organic way of controlling most common garden pests.

Nematodes naturally occur in the soil but sometimes need a little 'top up' to help them in their quest. Extremely easy to apply, simply water into the soil. One application lasts up to 6 weeks in the soil. Completely harmless to children, pets and wildlife.

**Please note as this is a live material, each pack will have an expiry date of approx. 2-3 weeks.**

## Slug Nematodes

### Tackling slugs has never been easier.

Slug nematodes are microscopic transparent worms which seek out, feed and then multiply inside the slug. Simple to apply and highly effective, an infected slug stops feeding within 3/5 days.

NB: This product is not proven to work against snails.

One application lasts up to 6 weeks in the soil.  
Best applied: Feb–Oct (depending on weather)

Please specify required delivery date when ordering. If ordering multiple deliveries, please specify each date required.

Code	Size	No. of Deliveries	Price
SN001	40m <sup>2</sup>	Single Delivery	£12.99
SNS2	40m <sup>2</sup>	2 Deliveries	£25.98
SNS3	40m <sup>2</sup>	3 Deliveries	£38.97
SNS4	40m <sup>2</sup>	4 Deliveries	£57.96
SN002	100m <sup>2</sup>	Single Delivery	£25.99
SNL2	100m <sup>2</sup>	2 Deliveries	£51.98
SNL3	100m <sup>2</sup>	3 Deliveries	£77.97
SNL4	100m <sup>2</sup>	4 Deliveries	£103.96

## Vine Weevil Nematodes

Avoid damage to the roots of your plants. Nematodes will seek out and kill Vine Weevil Larvae, which feed on root stem bases, severely weakening or killing plants. Vine Weevils are mainly a problem in pots. Best applied: Mar–Oct.

Code	Size	Price
VW004	12m <sup>2</sup>	£9.49
VW003	100m <sup>2</sup>	£29.99

## Leatherjacket Nematodes

Leatherjackets are the larval stage of the daddy long-legs. They feed on grass roots, causing growth to slow and yellow patches to appear. Apply 1-2 weeks after first spotting the daddy long-legs.

Easy to apply and extremely effective, the nematodes will seek out and enter the leatherjackets which stops the pest feeding. Best applied: Aug–Oct.

Code	Size	Price
LJ003	100m <sup>2</sup>	£16.99
JL002	500m <sup>2</sup>	£69.99

## Natural Fruit and Veg Protection Nematodes

A unique mix of nematode species to target a broad range of pests. Specifically researched to combat carrot root fly, cabbage root fly, leatherjackets, cutworms, onion fly, sciarid fly, caterpillars, gooseberry sawfly, thrips and codling moth. Best applied: Apr–Oct. For codling moth apply Sept–Oct.

Code	Size	Price
NFV01	60m <sup>2</sup>	£7.49

## Chafer Grub Nematodes

Chafer Grubs cause lawn damage by feeding on the roots of grasses. Use nematodes to deal with an infestation without chemical use. The nematodes seek out the Chafer Grubs and attack the pest by entering natural body openings. Once inside they release a bacteria that stops the pest from feeding quickly killing it.

Best applied: Aug–Oct.

Code	Size	Price
CN002	100m <sup>2</sup>	£28.99
CN001	500m <sup>2</sup>	£99.99

## NemaTop Vine Weevil Trap

Kills adult vine weevil. The specially designed boards are placed face down directly onto the ground beneath your plants where the adult beetles crawl. The nematodes infect the adult beetles and kills them. Safe for children, pets and wildlife. Treats an area of up to 10m<sup>2</sup> or 5m of hedging. Each trap lasts for approx. 6 weeks.

Best applied June–Sept.

Code	Size	Price
NT001	10m <sup>2</sup> or 5m of Hedging	£19.99

## Ant Nematodes

Apply when ants are visible on top of the lawn, this is typically April to September. Ants do not tolerate the nematodes near their nests and move away from treated areas. (Only treats black ants).

Code	Size	Price
AN001	16 Nests or 16sqm	£9.99
AN002	50 Nests or 50sqm	£19.99

## Nematode Applicator

Attach to the end of a hose pipe to apply nematodes quickly and efficiently. Easy to grip handle, trigger lock and three spray patterns. Can also be used as a garden feeder. Please note: The feeder includes free food which isn't natural or organic.

Code	Price
MGF1	£13.99

## Watering Can Rose - Coarse

The large holes make it very well suited for applying nematodes and general watering of established plants and foliage. Fits most standard watering cans. Hole size approx 1.5–2mm.

# Slug & Snail Treatment

## Cabbage Collars

Deter cabbage root fly, repel slugs and snails, control weeds around the plant and conserve moisture. 12.7cm (5") in diameter. Made from black fabric impregnated with copper. Reusable. Place black side facing up.

Code	Qty	Price
CC006	25	£6.25
CC008	50	£10.49
CC008/100	100	£19.99

## Slug Collars

Protect plants from slugs and snails. Simply push the collar a few centimetres into the soil, the angled lip keeps slugs and snails away. Height: 14cm, top diameter: 19cm, bottom diameter: 13cm.

Code	Qty	Price
SC002	Single	£3.25
SC001	Pack of 6	£17.99

## Slug Gone Wool Pellets

100% natural, wool slug pellets, safe to use around children, pets and wildlife. Scatter in your pots, flower beds, borders, allotments, herb gardens and greenhouses. Water makes the fibres swell to form a barrier. Slugs will not cross the barrier.

Code	Size	Price
SG350	3.5 Litres	£7.49
SG500	5 Litres	£10.49

## Strawberry Mats

Copper impregnated fabric which stops slugs and snails, retains moisture, suppresses weeds and keeps fruit clean. Re-useable. Place black side facing up.

**Small:** 28cm diameter (11")

**Large:** 38cm diameter (15")

## Slug X Trap

The Slug X attracts slug and snails using beer as bait. A strong smell builds up inside the trap and the slugs/snails are lured inside by an aroma that they find irresistible. Once inside, they become disorientated and unable to exit the trap. Size: L:26 x W:20.5 x H:6cm.

Code	Qty	Price
SX001	Single	£6.99
SX003	Pack of 2	£13.49

## Serrated Copper Slug & Snail Tape

The serrated edge of this tape increases the electrical charge making it more effective against snails. Product size: L:5m x W:3.5cm (Roll splits into 2 x 2.5m Lengths). Width of copper tape is 3.5m, (serrated part is roughly 0.8cm).

Code	Qty	Price
CS002	Single	£7.49
CS004	Pack of 3	£19.99

## Slug Snail & Weed Mat

Copper impregnated fabric that to deter slugs and snails. Place under pots and containers or grow plants through the fabric. Easy to cut and reusable. Also suppresses weeds.

Code	Size	Price
SM001	1.8m x 50cm	£6.49
SSWM	1.8m per metre	£11.99

## Slug Rid

Ready to use organic slug pellets. Use around all plants including vegetables. The pellets swell absorbing water from moist soil and become more attractive to slugs. 500g treats approx 100m<sup>2</sup>.

Code	Size	Price
SD001	500g	£6.99
SD002	2 x 500g	£13.49

## Copper Slug Tape

Protect pots, containers, tables, greenhouse staging and cold frames by stopping slugs & snails in their tracks with this highly effective self-adhesive copper tape. The copper has a natural electrical charge giving slugs & snails a 'mini-shock'. 3cm wide.

Code	Size	Price
CS001	4m Roll	£4.99
CS003	3 x 4m Roll	£12.99

## Sawfly Sticky Traps

Identify if you have an apple sawfly problem. Sawflies lay eggs at the base of the flowers, the eggs hatch and the larvae bore into the core of the fruitlets and this causes affected fruit to drop in early summer. 1 trap per tree. The traps should be in place early April until June.

Code	Qty	Price
AST5	5	£3.99

## Raspberry Beetle Trap

The Raspberry beetle trap allows you to detect early signs of the beetle with its funnel trap designed to catch and kill adult beetles as they emerge from the soil in the spring.

**Trap** - Includes 1 x Trap & 1 x pheromone lure.

**Refill** - Includes 1 x pheromone lure.

One lure will be suitable to cover 4-6 weeks (1 season). For later flowering berries a second lure is recommended.

Code	Description	Price
RBT	1 Trap	£19.99
RBTR	1 Refill	£7.49

## Strawberry Mats

Impregnated with copper to stop slugs & snails, retain moisture & suppress weeds. Diameter: Small:27cm/ Large:38cm. Place black side facing up.

Code	Description	Price
SM200	Small / Pk 6	£5.59
SMS/20	Small / Pk 20	£17.29
SM002	Large / Pk 6	£7.99
SML/20	Large / Pk 20	£23.99

## Red Mulch

Enhance growth of tomatoes and strawberries. The reflection of light stimulates plants, giving bumper crops. Can be used to grow any fruit. W:1.2m (3' 11") x L:10m (32' 9").

Code	Price
RM100	£13.49

## Strawberry Feed

Made from potash and extracts of fruit. The feed is the perfect solution for increasing yields of strawberries. Promotes strong and healthy growth, 1 litre makes 200 litres of diluted feed.

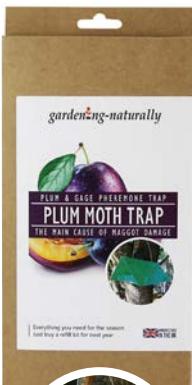

Code	Size	Price
SF1	1 litre	£9.99

## Winter Tree Wash

This blend of natural plant and fish oils has been formulated to remove the debris, dust and dirt from trees. Once this has been removed the insects are no longer able to secure their eggs on to the plants and trees. Suitable for edible and ornamental crops. Dilute and apply as a spray. 500ml dilutes to 10 litres.

Code	Size	Price
WT1	500ml	£12.99

## Plum Moth Traps

Protect your plums, gages and damsons from maggots. This trap uses the pheromone scent of the female moth to attract and catch male moths. 1 trap should monitor up to 3 average size trees.

The trap contains everything for a year and the refill allows for a second year of use. Use from May to August. Buy the trap and refill for 2 years coverage.

Code	Description	Price
PM1	1 Trap	£8.99
PM2	1 Refill	£5.99
PM3	1 Trap & Refill	£12.99

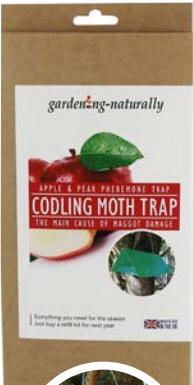

## Clear Glue bands

These clear glue bands have a non-toxic, non-drying glue surface which forms a barrier to stop infestations of winter moths, ants and other crawling insects including adult vine weevil.

Use from October until April to protect against winter moths and for protection from ants and other crawling insects use from May until August. Approx 16cm wide.

Code	Size	Price
GB2	2 x 1m Bands + String	£4.99
GB5	5m band + String	£9.99

## Codling Moth Traps

Protect your apples and pears from maggots. This trap uses the pheromone scent of the female moth to attract and catch male moths. 1 trap should monitor up to 5 average size trees within a 15 metre (50') range.

The trap contains everything for a year and the refill allows for a second year of use. Use from May to August. Buy the trap and refill for 2 years coverage.

Code	Description	Price
CM1	1 Trap	£8.99
CM2	1 Refill	£5.99
CM3	1 Trap & Refill	£12.99

## Insect Barrier Glue

Deter winter moths, vine weevils, ants and crawling insects. Ideal for grease banding trees, pots, benches and support posts. Up to 5m is supplied in a 'thumb push' dispenser. The up to 20m tube requires a standard 'Mastic Gun' (not supplied).

## Medo Pruning & Grafting Sealant

Medo protects open wounds caused by pruning, accidental damage or grafting from invading fungal and bacterial parasites. The product forms an elastic waterproof skin with protectant and scar healing properties. Size 200g.

Code	Size	Price
MD001	200g	£6.99

## 1. Box Moth Trap

The box tree moth caterpillars feed on leaves causing defoliation and dieback. Early detection and control are essential as the webbing makes effective control difficult. 1 trap per 0.5 acres. Use between March and October.

Code	Description	Price
BMT	1 Trap	£24.99
BMTR	1 Refill	£12.49

## 2. Whitefly Treatment

A pesticide free insect killer based on seaweed extracts that works by physical contact action and is particularly effective in controlling whitefly.

Code	Size	Price
WK1	500ml makes 5 litres of spray	£7.49

## 3. SB Plant Invigorator

A unique 3 in 1 pesticide mildewcide & foliar nutrient which is biodegradable, non-toxic and environmentally friendly. Controls a range of pests.

Code	Size	Price
SBP1	500ml RTU Spray	£5.49
SBP2	500ml Concentrate makes 50 litres	£18.49

## 4. Grazers Lily Beetle

Easy to use spray to coat the leaves, the beetles cannot tolerate the formula. It is effective against damage and strengthens and stimulates plant growth.

Pet and wildlife friendly.

Code	Size	Price
GLB1	750ml RTU Spray	£7.49
GLB2	350ml - Concentrate makes 7 litres	£10.99

## 5. Grazers Cabbage White Butterflies & Caterpillars

Highly effective against damage from cabbage white butterflies, aphids and other pests. Spray directly onto the foliage to protect the plant from damage as well as stimulating and strengthening at the same time. Completely safe to use on edible plants and is harmless to pets and wildlife.

Code	Size	Price
GCC1	750ml RTU Spray treats 30m <sup>2</sup>	£7.49

YS003/50	50	£19.99

**CatFree**

An innovative and humane way to banish cats from your property. When the CATFree is triggered, the bursts of ultrasound results in the cat retreating from the protected area. Safe to use if you have dogs and rabbits.

This deterrent works by detecting body heat and movement. Inaudible to humans and harmless to all species. Covers up to 88m<sup>2</sup>.

Code CF001	Price £25.99
---------------	-----------------

**Catwatch**

Trains even the most persistent feline visitor to stay out of your garden for good. Tested and approved by the RSPB. This product does not harm cats. Protects an area of 125 sqm.

Code CW100	Price £52.49
---------------	-----------------

**Pestfree**

A multi-frequency deterrent designed to keep unwanted pests out of your garden. Deters cats, dogs, foxes and rabbits. Covers 88m<sup>2</sup>.

Only activates when a pest is present. Inaudible to humans and harmless to all species. Covers up to 88m<sup>2</sup>.

**Foxwatch**

Only uses the principles of animal behavioural response patterns to communicate the clear message or threat that the fox is not welcome. Please note, this product will also deter dogs. Covers up to 125m<sup>2</sup>.

Code FW001	Price £52.49
---------------	-----------------

All units can be powered by 1 x Duracell 9v alkaline battery which will last 2 to 3 months, or by mains adapter.

All products come with a 2-year manufacturers guarantee. Mains powered increases the power of all units by 30%.

**Mains Adapter**

For powering all units from the mains. Increases the power output of the units by 30%, with a 10m lead.

Code MA001	Price £18.99
---------------	-----------------

**Superstrength Cat Repellent**

Long-lasting odour masks territorial markings left by cats. As cats do not tolerate the foreign odours, the treated area is given up and avoided. Size:500g. Sufficient to cover up to 200m<sup>2</sup>.

Code CR200	Price £6.99
---------------	----------------

**Clothes Moth Trap**

Effectively control clothes moth with these pesticide free, odourless pheromone traps. The activities of the larvae cause damage to clothes and carpets made from natural fibres.

Male moths are attracted to the pheromone and are trapped on the sticky surface preventing fertilisation.

Code	Qty	Price
CLM2	2 Traps	£5.49
CLM4	4 Traps	£9.99
CLM7	7 Traps	£16.99

**Food Moth Traps**

A highly effective pheromone trap, safe to use around food. The larvae of this moth can infest most dry foods. Male moths are attracted to the pheromone and are trapped on the sticky surface.

Code	Qty	Price
FM2	2 Traps	£3.49
FM4	4 Traps	£5.99

**Safe, Natural Spider Repeller**

Child and pet safe spider repellent. This spider repellent is safe and easy to use, it creates a natural barrier that deters spiders from entering your home.

Made from oak tree extract and aloe vera. It is ideal for homes, tents, caravans and garages. It deters spiders without causing them any harm.

Code	Size	Price
SR1	500ml	£6.99

**Electronic Rodent Deterrent**

Ultrasound creates an uncomfortable environment for rodents, the device emits a short 40 KHz ultrasonic signal approximately every 8 seconds to protect unobstructed areas of up to 1,000 sq. ft.

Code RD001	Price £18.99
---------------	-----------------

**Waspinator Twin Pack**

Acts as a decoy just like a scarecrow and naturally repels wasps by mimicking an enemy wasp nest.

Create a large wasp free zone with no maintenance and without harming the wasps.

Code	Qty	Price
WASP2	2	£12.99

### Greenhouse Shading

Controls the amount of sunlight entering your greenhouse providing protection for your plants. Recommended for use on glass surfaces. Easy to remove at the end of the season. Will cover one 8 x 12ft greenhouses.

Code	Size	Price
GS1	500ml	£8.49

### Citrus Cleaner

Clean greenhouses, staging, tools, pots, seed trays, bird tables and conservatories. A safe, odourless cleaner based on extracts of citrus fruit. 500ml dilutes to 20 litres.

Code	Size	Price
NCC1	500ml	£7.49

### Whitefly Treatment

A pesticide free insect treatment based on seaweed extracts that works by physical contact action and is particularly effective in controlling Whitefly. 500ml makes 5 litres of spray.

Code	Size	Price
WK1	500ml	£7.49

### Micro Grow Light

Ideal for growing salads and herbs or for early season starting of seeds. Full spectrum (6400K) grow light to replicate natural sunlight. The canopy height can be adjusted to a maximum of 38cm. Overall H:45cm x W:20cm x L:50cm.

Code	Price
MG001	£44.99

### Replacement Cylinder

This automatic window opener replacement cylinder is a replacement for the inner working of our greenhouse window vents. This product comes with a 2-year warranty.

Code	Price
GAVC	£8.99

### Automatic Greenhouse Louvre Opener

This greenhouse louvre vent opener uses the power of the sun to automatically open and close based on the temperature you set. Comes complete with step by step instructions. 2 year guarantee.

## Seed Tray Stands

This seed stand is made from our 19mm aluminium tubing giving it a strong and durable frame. The small stand is designed to hold 6 seed trays whereas the large will hold 9 trays. The three-tiered design allows ample space to get in and work without the need of taking the trays off. It is ideal for growing seedlings and germination. Each stand comes with its own seed trays which are a perfect fit for the stand. Lids are available separately. **Small:** H:0.987 X W:0.25 x L:0.795m **Large:** H:0.987 X W:0.345 x L:0.795m

Code	Tray With Drainage Holes	Stand Size	Price
STS04	Yes	Large	£39.99
STS03	No	Large	£39.99
STS02	Yes	Small	£31.99
STS01	No	Small	£31.99

## Seed Trays & Lids

These seed trays are available with or without holes. The propagator lids are available separately and fit snugly onto the tray to create a propagator 37.5cm (15") Long 23cm (9") Wide 6cm (2.5") High.

Code	Description	Qty	Price
BSTH/3	Tray with drainage holes	3	£4.65
BST/3	Tray without drainage holes	3	£4.65
STP/3	Lid	3	£6.69

For use with seed tray stands

## Plant Labels

Our selection of wooden plant labels and pins make marking your seeds and seedlings easy. You can buy a mixture of all 3 which comes with a little bag to keep them all together (see page 97).

Number	Code	Description	Qty	Price
1	WPL50/100	Pins 50mm x 5mm	100	£2.99
2	WPL114/50	114mm x 80mm	50	£3.25
3	WPLT/20	T-Shaped 116mm x 140mm	20	£2.99
4	GBAG3	Just bag 12.5 x 18cm (Colours may vary)	1	£0.99

### Wood Fibre Plant Pots

These wood fibre pots are organic, peat free and biodegradable, you can plant straight into the soil avoiding root disturbance.

WFP8 - Dia:8cm x H:8cm

WFP6 - Dia:6cm x H:6cm

Code	Pack Qty	Price
WFP8	48	£8.25
WFP6	96	£9.49

### Round & Square Biodegradable Pots

These pots are made from 100% natural plant based raw materials, contributing to a sustainable living environment.

#### Round

Code	Qty / Size	Price
BPP9/5	Qty:5 / H:9cm x D:9cm	£1.49

## Tumbling Composters

No more back breaking turning of compost when you use a tumbling composter. Turning by spinning keeps the pile fired up by allowing more oxygen to reach the decomposing materials. A rotating bin can cut months from the composting process and you can create compost in weeks. The sealed chambers help preserve the heat produced from the compost.

### 105L Tumbling Composter

Product Size: H 84cm x W 61cm x D 60cm (barrel size 61cm x 61cm).

Code	Price
TC100	£69.99

### 140L Tumbling Composter

Width 65cm (25/2 in) x Depth 60cm (24in) x Height 82cm (32in)  
2 x 70 Litre (2 x 18.5 gallons).

Code	Price
TC101	£89.99

### Thermo-Wood Composter

This composter has a wood affect finish which blends into the garden. The roof has two large flaps making it easier to fill. The composter is manufactured from thermolen. There is ventilation openings on all four sides. Size: H:100 x W:80 x D:80cm.

Code	Price
TWC6	£169.99

### Thermo-King Innovative Composter

Made from 100% recycled plastic this high quality sustainable innovative design is easy to use. Easy to assemble with no tools required. Easy fill with two large hatches. Fast composting due to optimal aeration system & thermo walls.

Code	Description	Size (cm)	Price
TKC6	600 Litre	L:80 x W:80 x H:104	£149.99
TKC9	900 Litre	L:100 x W:100 x H:100	£184.99

## Bokashi Kit Kitchen Composting Pack of 2

This Bokashi kit is effectively a kitchen composter, it will enable you to create a continuous cycle of rich organic pre compost from your food waste. It also produces a liquid which can be diluted and used as a plant food.

Bokashi is a bran which is infused with effective micro-organisms, you just sprinkle some over your waste food each time you add a layer to your bucket.

The process usually takes about 2 weeks. As one bucket is fermenting you move onto the second one.

#### Kit Includes:

2 Bokashi Buckets,  
2 Inner drain trays,  
Scoop, tamper,  
Instruction leaflet,  
1kg of Bokashi bran approx. 3 - 4 months supply.  
Bucket size:  
H:37 x W:30 x D:25cm

Code	Description	Price
BOK2	Bokashi Bucket Kit	£33.99
B1K	Bokashi Bran 1kg	£5.99
B3K	Bokashi Bran 3kg	£15.99

## Includes 2 buckets

### Compost Aerator DP788

Simple to operate tool, pushes directly into the compost heap and as it is retracted, the blades open to create pockets inside the compost, encouraging micro-organisms to efficiently break down all compost matter. Length:78 x Width:39cm.

Code	Price
CA300	£16.99

## Leaf Sacks

Simply collect fallen leaves and leave in the sack. The leaves and sack will biodegrade leaving only organic and nutritious compost. Each sack is H:70cm x W:40cm.

Code	Qty	Price
CLS01	3	£5.99
CLS02	6	£11.49
CLS03	9	£16.99

### Compost Bucket

3.5 Litre kitchen compost bucket, made from powder-coated steel. Has a air-tight sealed lid and removable inner bucket.

Size: H:22 x W:25 x D:20cm.

Code	Description	Price
M0001	5 Litre	£6.75
CC100	9 Litre	£7.99

### Natural Compost Accelerator 500ml

This natural compost accelerator is the perfect solution for speeding up the composting process of your kitchen and garden waste.

500ml treats 2000 litres of compost.

Code	Size	Price
NCA1	500ml	£8.99

### Compost Caddy

An invaluable accessory for anyone with a compost bin. Ideal for storing compostable kitchen waste. The activated carbon filter, housed in the lid, contains any unpleasant odours. Filters lasts 3 to 4 months.

Code	Description	Price
SCB/C2	Chalk	£19.99
SCB/C1	Charcoal	£19.99
CF100	Filters Pack Of 6	£4.49

## Organic Liquid Seaweed

Rich in the nutrients needed by plants, this seaweed promotes healthy growth of all types of plants, flowers and vegetables. Use as a root drench or as a foliar spray.

Code	Size	Price
LS100	500ml	£4.75

## Organic Strawberry Feed

A concentrated, high potash liquid feed containing nutrients and essential trace elements. Promoting strong healthy growth and increased yields. Ideal for all soft fruits. Makes 200 litres.

Code	Size	Price
OS001	1 Litre	£5.99

## Organic Potato Fertiliser

Increase your potato harvest. Suitable for use with potato barrels and other planters. Also recommended for other vegetable crops. Gives a slow release of nutrients, sufficient for a whole season.

Code	Size	Price
PF001	1kg	£3.40
PF005	4.5kg	£11.99

## Fast Grow Seaweed Tomato Fertiliser

A mix of seaweed and chicken manure, encourages rapid and strong root growth in plants and tomatoes in particular. Encourages healthier, brighter blooms and quality fruit.

Code	Size	Price
FGTF	10kg	£17.99

## Fast Grow Chicken Manure Pellets

An all-round fertiliser especially good for root crops such as potatoes to encourage strong root systems, foliage and bigger yields. Helps your plants get a much needed dose of calcium and reduces aluminium toxins.

Code	Size	Price
FGCP	10kg	£11.99

## Fast Grow Seaweed Fertiliser

An excellent all round fertiliser, containing over 70 minerals, used to promote growth of a large variety of plants. Seaweed can be used anywhere to increase yields of fruit and veg crops.

Code	Size	Price
FGSF	10kg	£16.99

## Organic Tomato Feed with Seaweed

Rich in amino acids and micro-nutrients, improves yields and taste of tomatoes. Covers approx. 60m<sup>2</sup>.

Code	Price
TFS01	£7.99

## Superstrength Liquid Seaweed

Ensures strong, healthy growth in all flowers, fruit and veg. Effective at stimulating root growth to produce higher yields. 100% natural. Makes 100 Litres.

Code	Size	Price
SLS2	1 Litre	£10.99

## Strawberry Feed

Made from potash and extracts of fruit. The feed is the perfect solution for increasing yields of strawberries or any soft fruit. Promotes strong and healthy growth, 1 litre makes 200 litres of diluted feed.

Code	Size	Price
SF1	1 litre	£9.99

## Plant Feed

A blend of seaweed and plant extracts which makes it the perfect solution for adding essential nutrients and minerals to fruit, vegetables, flowers and even house plants. 1 litre makes 200 litres of diluted feed.

Code	Size	Price
PF1	1 litre	£9.99

## Tomato Feed

This tomato feed has the perfect blend of potash and nutrients which will help you increase your yields of beautiful tomatoes. Promotes strong and healthy growth. 1 litre makes 100 litres of diluted feed.

Code	Size	Price
TF1	1 litre	£9.99

## Volcanic Rock Dust

Mined from Scottish quarries, this volcanic rock dust contains two thirds of all non-synthetic minerals known to man. A natural and organic method of adding essential trace elements to your soil resulting in higher yields, tastier crops and increased resistance to pests and drought. 20kg covers approx 40m<sup>2</sup>.

Code	Size	Price
VRD2	20kg	£16.99

## Strulch 100 Litre Bag

Perfect for organic gardening, this garden mulch reduces weed growth by up to 95%. Made from wheat straw, it is light and easy to use with a neutral pH. Use on raised beds, garden borders and fruit and vegetable plots. Helps retain moisture around plants and improves the quality of soil.

Code	Size	Price
STR/100	100 litres	£12.49

## Comfrey Feed

Comfrey feed is a natural liquid feed for fruit, vegetable and flowers. Use on all plants and vegetables. Accelerates plant growth, flowering and fruiting. 500ml makes 20 Litres. NPK 2:1:10.

Code	Size	Price
CT005	500ml	£10.99

## Comfrey Pellets

Natural plant feed and soil conditioner rich in potash, trace elements and minerals. Use on all plants and vegetables. Accelerates plant growth, flowering and fruiting. 750g makes 100 Litres. NPK 4:1:9.

Code	Size	Price
CFP1	750g	£12.49

Code	Size	Price
CFP2	1.5kg	£22.99

**Shropshire Organic Liquid Seaweed**

Packed with a wide array of ingredients which will offer huge benefits to your plants and crops. Delivers outstanding results in terms of increased flower and fruit yields and stronger, healthier plants and lawns.

Code	Size	Price

The easy way to aerate your lawn. Simply strap on to your feet and walk slowly up and down your lawn making sure the spikes go right into the lawn for maximum aeration. One size fits all.

Code	Price
LSS1	£13.99

## 4kg Natural Organic Lawn Feed + Root Enhancer

Organic based feed, encourages a strong root system whilst improving resistance to drought and stress. Gives long lasting effects over 8 to 10 weeks. Grass grows thicker and stronger. Child, pet and bee safe. Treats 150sqm.

Code	Price
NOL01	£12.99

Due to the recycled nature of these products there may be some slight variations in colour shading.

# Darlac Swop Top System

## Choose your pole:

Available: 2.4m and 5m - Extendable

## Pick your attachments:

Spiral Flow Hosepipe

Glass Squeegee

Sabre Tooth Saw

Soap Dispenser

Tree Pruner Head

Soft Brush

## Swop Top Spiral Flow Hosepipe - DP577

Simply connect to a hosepipe with a snap-on connector to take water to the top of the pole for various cleaning and watering applications. Adjustable water flow.

## Swop Top Soap Dispenser - DP576

A robust container designed for you to fill with any liquid or powdered detergent. Use with the spiral flow hose pipe. Holds 100ml.

## Swop Top Sabre Tooth Saw - DP565

Designed with tri-edged teeth for a faster, cleaner cut, reducing die-back and disease. Can be used without the pole as a hand saw. Cut capacity 150mm, length 480mm, weight 148g.

## Swop Top Soft brush - DP571

Delicate bristles to help you clean different surfaces without scratching. Length 220mm, weight 593g.

## Tree Pruner Head - DP563

The double pulley mechanism and compound action creates extra leverage for increased cutting power. Maximum cut capacity is 25mm, weight 578g.

The Swop Top system allows you to work easily and comfortably overhead. Use either of these poles in conjunction with the different Swop Top heads on offer to achieve even the most difficult of garden tasks. The lightweight poles are designed to fully adjust, allowing you to set the length required for the job in hand. Ideal for working at height or close to the ground.

More attachments available online.

Traditional Saw

Fruit Picking Basket

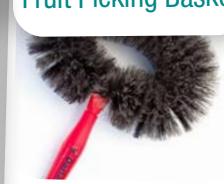

Geared Tree Pruner Head

Gutter Cleaner

Cleansweep Brush

Cobweb Brush

All-Round Soft Brush

Gutter Brush

## Swop Top Traditional Saw - DP564

The blade design encourages the teeth to bite down into wood when pulled from below. Use without pole as a hand saw. Size:580mm weight 205g. Cut capacity 200mm. Not recommended for use with the Swop Top 5m pole.

## Swop Top Fruit Picking Basket - DP569

Efficiently harvest hard to reach apples, pears and plums. Length 265mm, weight 244g.

## Swop Top Geared Tree Pruner Head - DP583

Prune your trees easily. Quad pulleys & geared mechanism greatly reduces the effort required. Cut capacity 38mm, length 450mm, weight 886g.

## Swop Top Flexible Gutter Cleaner - DP586

Use in conjunction with the spiralflow hose pipe. The flexible shaft can be shaped to suit any application. Size 530mm, weight 140g. Water flows from 14 holes along the front edge of the brush.

## Swop Top Gutter Brush - DP566

Remove dirt, leaves and debris from your gutter. Size 550mm, weight 150g.

## Rain Diverter Kit

Collect the water that falls on your greenhouse, shed or house roof from your rain down pipe into your water butt. Fits standard 68mm round or 65mm square plastic down pipes.

Code	Price
RDK1	£8.95

## Irrigatia Automatic Watering Systems

No need for electricity or a tap. You can water your greenhouse, vertical gardens & green walls, hanging baskets, raised beds, pots, allotments & holiday watering. Just drop the inlet filter into the water butt, position the control unit somewhere sunny, switch on and leave. It waters every 3 hours - now the clever bit - it automatically waters for longer when sunny - plants love it!

**C-12**

**C-24**

Max capacity in irrigation units, for this unit, for one of each example shown.

Please note: The Irrigatia 12 dripper extension kit, Irrigatia seephose extension kit, and Irrigatia tube extension kit 30m are compatible with both the C-12 and C-24.

## Electric Water Timer

Just set up your irrigation system and leave. Features a two dial function for multiple watering options, independent watering frequency and run time. Will also operate from a water butt gravity fed system (threaded water butt tap required). Uses 2x AAA batteries (not included). Darlac code: DW253.

Code	Price
EWT	£27.99

## Darlac Go Anywhere Tap

This hose end tap may be set up anywhere in the garden or allotment. Either screw to a suitable piece of timber to enable easy change of site, or screw to a wall, shed, fence post or any convenient vertical surface. Use a length of hose to bring water to the tap. Darlac code: DW420.

Code	Price
HET1	£9.49

## Big Drippa

Perfect for the slow, steady, watering of growbags and pots. Uses gravity. The reservoir will drain for approximately 24 hours which will ensure plants are sufficiently watered. Contains a 10.5 litre (2 gallon) reservoir bag, 5 metres of black irrigation tube, 6 adjustable 'drippers' and a hardware kit that will fit to a standard greenhouse.

Code	Price
BD001	£10.49

## Bottle Top Waterers

Turn any old bottle into a watering can. Contains: 2 fine holed roses, 1 drencher, 1 x weeder. Fits most size bottles.

Code	Price
BT001	£2.49

## Grow Pots

Improve results through accurate feeding & watering, also creates a slug barrier. The outer trough holds 4 pints of water or feed which gradually seeps into the compost taking a constant supply directly to the plant root. 28cm in diameter. Great for tomatoes, aubergines and chillies.

Code	Qty	Price
GPW3	3	£12.49
GPW6	6	£22.99
GPW12	12	£41.99
GPW24	24	£79.99

## Water Butt Treatment

A perfect solution for keeping your water butt odour-free and clean. The treatment includes a UV blocker to help stop harmful rays which promote active algae growth. Add 10ml to 100 litres of rainwater. Bottle size 500ml. Treats 5000 litres. The water is safe to use on edible plants.

Code	Size	Price
WBT1	500ml	£8.99

## Watering Can

Galvanised watering can with detachable coarse rose. Has two handles making it easier to handle and give more control when watering.

Code	Size	Price
MWC7	7 Litre	£16.99
MWC10	10 Litre	£19.99

## Watergel 250g

The crystals absorb several times their own weight of water. The 250g pack is sufficient for 3 x 75 litre bags of compost. One application will last all season.

Code	Price
WG250	£4.99

## Soaker Hose Leaky Hose Pipe

Drastically reduces wastage of water by seeping small but constant amounts. The kits deliver water to lawns, allotments, raised beds, greenhouses, flower beds and vegetable patches effortlessly, economically and effectively.

Connect to a water butt or attach to the mains water. Can be used on the surface or can be buried under grass or soil. Expect product to water soil up to 50cm either side of the porous pipe. Best laid in loops to ensure even coverage. As a guide the water seeps out at a litre per metre per hour.
