

# PORTABLE SQUARE CAGE (W) 1.2M X (L) 2.4M

**PLEASE NOTE:** A mallet is usually required to tap the joiners into the tubes. Please ensure the joiners are fully submerged into the aluminium.

## CONTENTS

3	ALUMINIUM HOOP
10	ALUMINIUM TUBE 19MM X 1.2M
8	LARGE JOINER 19MM DOOR UPRIGHT TUBE CLIP
4	LARGE JOINER (CORNER)
2	LARGE JOINER (FLAT TEE)

## ASSEMBLY PROCESS BASE

**STEP 1:** Take 6 of the 1.2m poles and lay them out in a square.

**STEP 2:** Connect the 4 joiners at all corners.

**STEP 3:** Place the hoops on top of the joiners and push in.

**STEP 2:** Clip 2x support bars in between two hoops.

For a tight fit apply some pressure when fitting the clips and joiners into the aluminium. A mallet is usually required.

Please note: If due heavy forecast of snow please remove cover before hand.

## ASSEMBLY PROCESS CLOCHE SUPPORT BAR

**STEP 1:** Insert 4x joiner upright tube clips to the remaining 1.2m tubes at both ends.
